D. Avoid responsibilities

31 According to Rawls, justice is the first virtue of

Rawlsian Theory · Virtues of Institutions

A. Religion
B. Politics
C. Social Institutions ✓
D. Art

32 Which concept is central to environmental ethics?

Environmental Ethics · Sustainability

A. Consumerism
B. Industrialization
C. Sustainability ✓
D. Militarization

33 The ability to experience pleasure and pain is known as

Moral Philosophy · Sentience

A. Rationality
B. Consciousness
C. Sentience ✓
D. Spirituality

34 Environmental ethics emerged strongly during the

History of Ideas · Twentieth Century Environmentalism

A. Medieval Period
B. Ancient Period
C. Twentieth Century ✓
D. Renaissance Period

35 Which philosopher is most closely linked with animal liberation?

Animal Rights & Liberation · Peter Singer

A. Aristotle
B. Kant
C. Peter Singer ✓
D. Hegel

36 Equality as a moral principle requires

Moral Principles · Equal Consideration

A. Identical abilities

B. Identical wealth

C. Equal consideration of interests ✓

D. Equal occupations

37 Which philosopher proposed the idea of "Justice as Fairness"?

Theories of Justice · John Rawls

A. Aristotle

B. John Rawls ✓

C. Peter Singer

D. Kant

38 The study of moral principles in environmental issues is called

Environmental Ethics · Definition

A. Social Ethics

B. Business Ethics

C. Medical Ethics

D. Environmental Ethics ✓

39 Which concept refers to the fair treatment of all individuals?

Social Justice · Equality

A. Discrimination

B. Privilege

C. Equality ✓

D. Segregation

40 Peter Singer's ethical theory is primarily based on

Normative Frameworks · Utilitarianism

A. Idealism

B. Existentialism

C. Utilitarianism ✓

D. Rationalism

41 Casuistry is mainly concerned with

Applied Ethics · Casuistry

A. Scientific experiments

B. Artistic expression

C. Practical moral cases ✓

D. Religious rituals

42 Applied ethics focuses on

Applied Ethics · Core Focus

A. Abstract theories alone

B. Historical events only

C. Real-world moral problems ✓

D. Mathematical principles

43 **Professional ethics provides**

Professional Conduct · Ethical Guidelines

A. Entertainment

B. Political power

C. Guidelines for professional conduct ✓

D. Religious laws

44 **The principle of equal consideration of interests opposes**

Ethics of Equality · Anti-Discrimination

A. Education

B. Democracy

C. Discrimination ✓

D. Cooperation

45 **According to environmental ethics, humans should**

Environmental Ethics · Stewardship & Protection

A. Dominate nature without limits

B. Ignore environmental concerns

C. Respect and protect the natural world ✓

D. Exploit all resources

46 **Animal liberation is strongly associated with**

Bioethics & Animal Advocacy · Peter Singer

A. Hegel

B. Plato

C. Peter Singer ✓

D. Socrates

47 **Rawls's theory emphasizes**

Theories of Justice · Rawlsian Principles

A. Force

B. Wealth accumulation

C. Fairness and justice ✓

D. Competition

48 **Environmental ethics became important due to increasing**

Environmental Philosophy · Crisis Origins

A. Sports activities

B. Cultural festivals

C. Environmental crises ✓

D. Space exploration

49 **Which philosopher developed the concept of the "Original Position"?**

Rawlsian Concepts · The Original Position

A. Plato
B. Aristotle
C. John Rawls ✓
D. Peter Singer

50 **The "Veil of Ignorance" is associated with**

Rawlsian Thought · Veil of Ignorance

A. Kant
B. Hegel
C. John Rawls ✓
D. Spencer

51 **Which branch of ethics studies what is morally right and wrong?**

Philosophical Disciplines · Ethics

A. Logic
B. Epistemology
C. Ethics ✓
D. Aesthetics

52 **Environmental ethics promotes the conservation of**

Environmental Conservation · Natural Resources

A. Artificial resources
B. Political systems
C. Natural resources ✓
D. Industrial products

53 **Peter Singer argues that moral consideration should be based on**

Animal Welfare · Sentience Principle

A. Wealth
B. Nationality
C. Sentience ✓
D. Religion

54 **Applied ethics examines**

Applied Ethics · Concrete Issues

A. Abstract ideas only
B. Historical events only
C. Specific moral issues in society ✓
D. Scientific laws only

55 **Professional ethics is important because it**

Professional Ethics · Responsible Behavior

Consequentialist Ethics · Utilitarianism

A. Deontology

B. Virtue Ethics

C. Utilitarianism ✓

D. Intuitionism

74 The term "bioethics" is associated with ethical issues in

Bioethics · Life Sciences & Medical Choices

A. Engineering

B. Agriculture

C. Medicine and Life Sciences ✓

D. Architecture

75 According to Rawls, the principles of justice are chosen behind a

Rawlsian Constructivism · Veil of Ignorance

A. Social Contract

B. Moral Law

C. Veil of Ignorance ✓

D. Golden Rule

76 Which environmental problem is caused by excessive greenhouse gases?

Global Ecology · Greenhouse Gases & Warming

A. Acid Rain

B. Ozone Depletion

C. Global Warming ✓

D. Soil Erosion

77 Peter Singer rejects

Bioethics & Animal Welfare · Critique of Speciesism

A. Equality of interests

B. Animal welfare

C. Speciesism ✓

D. Environmental ethics

78 Ethics in business organizations is known as

Organizational Morality · Business Ethics

A. Medical Ethics

B. Environmental Ethics

C. Business Ethics ✓

D. Legal Ethics

79 The moral principle that people should be treated fairly is called

Moral Philosophy · Principle of Justice

A. Freedom

B. Authority

C. Justice ✓

D. Power

80 **Which of the following is a renewable resource?**

Environmental Science · Renewable Resources

A. Coal
B. Petroleum
C. Natural Gas
D. Solar Energy ✓

81 **Applied ethics attempts to solve**

Applied Ethics · Problem-Solving Function

A. Mathematical problems
B. Scientific formulas
C. Practical moral issues ✓
D. Historical disputes

82 **The view that human beings are the center of moral concern is called**

Environmental Ethics · Anthropocentrism

A. Biocentrism
B. Ecocentrism
C. Anthropocentrism ✓
D. Naturalism

83 **Which philosopher is associated with the Difference Principle?**

Distributive Justice · John Rawls

A. Kant
B. Bentham
C. Aristotle
D. John Rawls ✓

84 **Environmental ethics encourages**

Environmental Morality · Responsible Stewardship

A. Unlimited exploitation of resources
B. Industrial expansion at any cost
C. Ignoring future generations
D. Responsible stewardship of nature ✓

85 **Which ethical theory judges actions by their outcomes?**

Ethical Theories · Consequentialism

A. Deontology
B. Virtue Ethics
C. Consequentialism ✓
D. Intuitionism

86 The preservation of biodiversity is important because it

Conservation Biology · Ecological Balance

A. Reduces ecosystem stability

B. Increases pollution

C. Maintains ecological balance ✓

D. Eliminates natural resources

87 Which concept refers to unfair discrimination in favor of one's own species?

Animal Rights · Definition of Speciesism

A. Racism

B. Nationalism

C. Speciesism ✓

D. Humanism

88 Ethics is primarily concerned with

Philosophy of Morals · Conduct & Values

A. Physical laws

B. Economic growth

C. Human conduct and values ✓

D. Political campaigns

89 Which of the following is a non-renewable resource?

Environmental Resources · Non-Renewable Energy

A. Wind Energy

B. Solar Energy

C. Hydropower

D. Petroleum ✓

90 The principle of justice requires

Principles of Justice · Fair Treatment

A. Favoritism

B. Inequality

C. Fair treatment of individuals ✓

D. Social segregation

91 Environmental pollution directly threatens

Environmental Ethics · Pollution Impacts

A. Economic theory

B. Mathematical principles

C. Human and ecological health ✓

D. Historical research

92 Rawls's theory of justice is based on the idea of

Political Philosophy · Fairness

A. Absolute power
B. Social hierarchy
C. Fairness ✓
D. Economic control

93 Which field applies ethical principles to healthcare and medicine?

Bioethics · Healthcare Applications

A. Environmental Ethics
B. Business Ethics
C. Bioethics ✓
D. Legal Ethics

94 Peter Singer argues that the ability to suffer gives a being

Animal Welfare · Suffering & Moral Significance

A. Political authority
B. Economic value
C. Moral significance ✓
D. Legal ownership

95 Sustainable use of resources means

Intergenerational Justice · Resource Sustainability

A. Exhausting resources quickly

C. Using resources responsibly for present and future generations ✓
D. Eliminating development

96 Environmental ethics encourages individuals to

Environmental Stewardship · Individual Responsibility

A. Exploit nature without limits
B. Ignore conservation efforts
C. Act as responsible stewards of the environment ✓
D. Prioritize short-term gains only

97 Which ethical approach emphasizes duties and obligations?

Deontological Ethics · Duties & Obligations

A. Utilitarianism
B. Consequentialism
C. Deontology ✓
D. Hedonism

98 The concept of "animal rights" argues that animals deserve

Animal Rights · Moral Consideration & Protection

A. Economic benefits
B. Political power
C. Moral consideration and protection ✓
D. Human citizenship

99 A major goal of environmental ethics is to promote

Environmental Ethics · Ecological Responsibility

A. Unlimited industrial growth
B. Population increase
C. Ecological responsibility ✓
D. Resource depletion

100 Justice, according to Rawls, is the first virtue of

Rawlsian Principles · Social Institutions

A. Religion
B. Government
C. Business
D. Social Institutions ✓

101 Which philosopher is known for the concept of the "Categorical Imperative"?

Kantian Deontology · The Categorical Imperative

A. Aristotle
B. Immanuel Kant ✓
C. John Rawls
D. Peter Singer

102 The idea that nature has value in itself is called

Environmental Axiology · Intrinsic Value

A. Anthropocentrism
B. Utilitarianism
C. Intrinsic Value ✓
D. Materialism

103 Which field studies ethical issues related to business practices?

Applied Ethics · Business Ethics

A. Medical Ethics
B. Legal Ethics
C. Business Ethics ✓
D. Environmental Ethics

104 Peter Singer's ethical position is commonly associated with

Utilitarian Variants · Preference Utilitarianism

A. Rationalism

B. Idealism

C. Preference Utilitarianism ✓

D. Existentialism

105 Sustainable development balances environmental protection with

Sustainability Triad · Environment, Economy & Society

A. Isolation

B. Resource destruction

C. Economic and social development ✓

D. Political conflict

106 Which ethical principle requires treating similar cases alike?

Formal Justice · Equal Treatment of Similar Cases

A. Utility

B. Freedom

C. Justice ✓

D. Power

107 The conservation of natural resources helps ensure

Conservation Goals · Long-Term Sustainability

A. Resource exhaustion

B. Environmental degradation

C. Long-term sustainability ✓

D. Industrial dominance

108 Applied ethics seeks to bridge the gap between

Applied Ethics · Theory vs Practical Life

A. Science and technology

B. Religion and politics

C. Ethical theory and practical life ✓

D. History and literature

109 Which ethical theory emphasizes the development of good character?

Normative Ethics · Virtue Ethics

A. Utilitarianism

B. Deontology

C. Virtue Ethics ✓

D. Egoism

110 The concept of intrinsic value in environmental ethics means that nature

Value Theory · Value in Itself

A. Has value only for humans

B. Has economic value only

C. Has value in itself ✓

D. Has no moral value

111 Which philosopher is regarded as the founder of Utilitarianism?

History of Utilitarianism · Jeremy Bentham

A. Rawls

B. Kant

C. Jeremy Bentham ✓

D. Aristotle

112 Environmental ethics encourages the protection of

Holistic Environmentalism · Comprehensive Protection

A. Ecosystems

B. Wildlife

C. Natural Resources

D. All of the Above ✓

113 The moral duty to help others is known as

Bioethical Principles · Beneficence

A. Autonomy

B. Justice

C. Beneficence ✓

D. Equality

114 Which ethical principle emphasizes respecting individual choices?

Bioethical Principles · Autonomy

A. Utility

B. Autonomy ✓

C. Justice

D. Fidelity

115 Speciesism refers to

Animal Ethics · Definition of Speciesism

A. Protection of all species

B. Scientific classification of species

C. Discrimination based on species membership ✓

D. Conservation of species

116 The ethical view that all living beings have moral value is called

Environmental Philosophy · Biocentrism

A. Anthropocentrism
B. Biocentrism ✓
C. Materialism
D. Relativism

117 Which principle requires avoiding harm to others?

Bioethical Principles · Non-Maleficence

A. Beneficence
B. Justice
C. Autonomy
D. Non-maleficence ✓

118 Rawls argued that justice should be based on

Rawlsian Ethics · Foundation of Fairness

A. Wealth
B. Power
C. Social Status
D. Fairness ✓

119 Conservation ethics promotes

Conservation Ethics · Responsible Resource Use

A. Resource wastage
B. Environmental neglect
C. Responsible use of resources ✓
D. Unlimited consumption

120 Applied ethics is concerned with

Applied Ethics · Decision-Making Practice

A. Purely theoretical questions
B. Scientific calculations
C. Historical analysis
D. Practical moral decision-making ✓

121 Which ethical theory focuses on developing virtues such as courage, honesty, and wisdom?

Virtue Ethics · Character Traits

A. Utilitarianism
B. Deontology
C. Virtue Ethics ✓
D. Egoism

122 The belief that all living organisms possess inherent worth is known as

Environmental Ethics · Inherent Worth & Biocentrism

A. Anthropocentrism
B. Biocentrism ✓
C. Materialism
D. Relativism

123 Which principle requires healthcare professionals to act for the benefit of patients?

Medical Ethics · Beneficence to Patients

A. Justice
B. Autonomy
C. Beneficence ✓
D. Utility

124 Which ethical principle emphasizes avoiding the infliction of harm?

Medical Ethics · Primum Non Nocere

A. Equality
B. Fidelity
C. Justice
D. Non-maleficence ✓

125 Ecocentrism holds that moral value belongs to

Environmental Holism · Ecocentrism

A. Humans only
B. Animals only
C. Plants only
D. Entire ecosystems ✓

126 Which concept refers to the ability to make independent moral choices?

Moral Philosophy · Autonomy

A. Beneficence
B. Utility
C. Autonomy ✓
D. Equality

127 Which environmental issue results from excessive cutting of trees?

Ecological Degradation · Deforestation

A. Urbanization
B. Desertification
C. Deforestation ✓
D. Industrialization

128 The fair distribution of benefits and burdens in society is known as

Theories of Justice · Distributive Justice

A. Freedom

B. Responsibility

C. Justice ✓

D. Authority

129 A renewable energy source is

Renewable Energy · Wind Energy

A. Coal

B. Petroleum

C. Natural Gas

D. Wind Energy ✓

130 Which ethical approach evaluates actions according to their consequences?

Ethical Frameworks · Consequentialism

A. Deontology

B. Virtue Ethics

C. Consequentialism ✓

D. Intuitionism

131 Environmental stewardship refers to

Environmental Ethics · Stewardship Definition

A. Exploiting resources for profit

B. Ignoring environmental concerns

C. Responsible care and management of the environment ✓

D. Limiting scientific research

132 Applied ethics seeks to apply ethical theories to

Applied Ethics · Theoretical Application

A. Mathematical equations

B. Literary criticism

C. Historical records

D. Practical moral problems ✓

133 Which philosopher is most closely associated with the concept of duty-based ethics?

Deontological Ethics · Immanuel Kant

A. Jeremy Bentham

B. John Rawls

C. Immanuel Kant ✓

D. Peter Singer

134 The ethical view that nature should be protected for its own sake is called

Environmental Value Theory · Ecocentrism

- A. Anthropocentrism
- B. Ecocentrism ✓
- C. Egoism
- D. Hedonism

135 Which concept refers to fairness in the distribution of rights and responsibilities?

Justice & Rights · Distribution

- A. Liberty
- B. Utility
- C. Justice ✓
- D. Authority

136 The duty to tell the truth is emphasized by

Deontological Ethics · Truth-Telling Duty

- A. Utilitarianism
- B. Consequentialism
- C. Deontology ✓
- D. Relativism

137 Which environmental problem is primarily caused by the accumulation of waste materials?

Environmental Issues · Pollution

- A. Afforestation
- B. Conservation
- C. Pollution ✓
- D. Irrigation

138 The ethical theory that seeks the greatest happiness for the greatest number is

Utilitarian Principles · Greatest Happiness

- A. Virtue Ethics
- B. Deontology
- C. Utilitarianism ✓
- D. Intuitionism

139 Respect for a person's right to make decisions is known as

Bioethics & Human Rights · Autonomy

- A. Beneficence
- B. Justice
- C. Autonomy ✓
- D. Equality

140 Which term describes the variety of life forms on Earth?

Ecology & Conservation · Biodiversity

A. Ecology

B. Atmosphere

C. Biodiversity ✓

D. Sustainability

141 The ethical principle of beneficence requires individuals to

Bioethical Principles · Promoting Well-Being

A. Cause no harm only

B. Follow laws blindly

C. Promote the well-being of others ✓

D. Protect personal interests only

142 Which environmental ethic argues that all living beings deserve moral consideration?

Environmental Ethics · Biocentrism

A. Anthropocentrism

B. Biocentrism ✓

C. Egoism

D. Materialism

143 Conservation of resources is necessary for

Resource Management · Sustainable Development

A. Resource depletion

B. Environmental destruction

C. Sustainable development ✓

D. Industrial waste

144 Applied ethics is best described as the application of moral principles to

Applied Ethics · Practical Human Problems

A. Mathematical theories

B. Political boundaries

C. Literary criticism

D. Practical human problems ✓

145 Which philosopher developed the concept of the "Greatest Happiness Principle"?

Utilitarian Axiom · Jeremy Bentham

A. Aristotle

B. Jeremy Bentham ✓

C. John Rawls

D. Immanuel Kant

146 The ethical responsibility to preserve resources for future generations is known as

Future Generations · Sustainability

A. Industrialization
B. Exploitation
C. Sustainability ✓
D. Urbanization

147 Which principle requires treating every person with equal respect and concern?

Moral Philosophy · Equal Respect & Concern

A. Utility
B. Authority
C. Equality ✓
D. Privilege

148 The study of moral issues involving the environment is called

Branches of Applied Ethics · Environmental Ethics

A. Business Ethics
B. Bioethics
C. Legal Ethics
D. Environmental Ethics ✓

149 According to Peter Singer, the capacity to experience suffering is the basis for

Peter Singer · Capacity for Suffering

A. Social Status
B. Economic Rights
C. Moral Consideration ✓
D. Political Authority

150 Applied ethics is primarily concerned with

Applied Ethics · Moral Decision-Making

A. Abstract philosophical speculation
B. Historical interpretation
C. Scientific experimentation
D. Practical moral decision-making ✓
